SECTION B SUPPLIES OR SERVICES AND PRICES

CLIN - SUPPLIES OR SERVICES

For Cost Type Items:

Item	Supplies/Services Qty	Unit	Est. Cost	Fixed Fee	CPFF
1000	Services in support of the Integrated Machinery Controls and Monitoring Branch for development and installation of Next Generation Analytics for Shipboard Monitoring Systems (NG-ASMS) in accordance with the Statement of Work (TBD)	1.0 Lot	\$1,406,977.37	\$112,558.19	\$1,519,535.56
100001	\$240,000.00 Funding for CLIN 1000				
100002	\$700,000.00 Funding for CLIN 1000				
1100	Same as CLIN 1000 - Option Year 1 (TBD) Option	1.0 Lot	\$1,356,799.06	\$108,543.92	\$1,465,342.98

For ODC Items:

Item	Supplies/Services Qty	Unit	Est. Cost
3000	Support Costs for CLIN 1000 including Materials, Miscellaneous Subcontracting and Travel. (O&MN,N)	1.0 Lot	\$85,600.00
3100	Support Costs for CLIN 1100 including Materials, Miscellaneous Subcontracting and Travel. (TBD) Option	1.0 Lot	\$85,000.00

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 2 of 20
----------------------------------	----------------------------	-----------------

For Cost Type Items:

4000	Same as CLIN 1000 - Option Year 2 (TBD) Option	1.0 Lot	\$1,333,637.83	\$106,691.03	\$1,440,328.86
4100	Same as CLIN 1000 - Option Year 3 (TBD) Option	1.0 Lot	\$1,396,814.07	\$111,745.13	\$1,508,559.20
4200	Same as CLIN 1000 - Option Year 4 (TBD) Option	1.0 Lot	\$1,239,452.54	\$99,156.20	\$1,338,608.74

For ODC Items:

Item	Supplies/Services Qty	Unit	Est. Cost
-----	-----	-----	-----
6000	Support Costs for CLIN 4000, including Materials, Miscellaneous Subcontracting and Travel. (TBD) Option	1.0 Lot	\$135,000.00
6100	Support costs for CLIN 4100 including Materials, Miscellaneous Subcontracting and Travel. (TBD) Option	1.0 Lot	\$195,000.00
6200	Support costs for CLIN 4200 including Materials, Miscellaneous Subcontracting and Travel. (TBD) Option	1.0 Lot	\$250,000.00

Options CLINS 1100, 4000, 4100, 4200, 3100, 6000, 6100 and 6200 are to be supplied only if and to the extent said options are exercised. Due to funding restraints, options may be exercised in increments as funding is received, by bilateral modifications to this Task Order.

Additional SLINs will be unilaterally created by the Contracting Officer during the performance of this Task Order to accommodate incremental funding.

LEVEL OF EFFORT:

The level of effort for the performance of this contract is based upon an anticipated total estimated level of effort of 84,000 hours of direct labor. The estimated composition of the 84,000 hours of direct labor can be found in the chart below. All estimated hours are projected to

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 3 of 20
----------------------------------	----------------------------	-----------------

be hours performed at the Contractor's Facility.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

1. Introduction:

The Ship Systems Engineering Station, Naval Surface Warfare Center Carderock (SSES Division) has been tasked to provide Research and Development, Engineering, Technical, and Program Management support to the NAVSEA Integrated Machinery Controls and Monitoring Branch (05Z5) for the development and installation of Next Generation Analytics for Shipboard Monitoring Systems (NG-ASMS) for US Navy ships. To execute this mission, SSES Division requires contractual support and expertise related to the design, testing and installation of machinery onboard condition monitoring, diagnostics, prognostics, troubleshooting, and remote condition monitoring technologies to provide reliable critical systems performance. This includes knowledge and experience of both currently installed machinery control, monitoring, diagnostic, prognostic, troubleshooting and remote condition monitoring systems as well as new technologies related to these systems to update US Navy ships to “State of the Art”. Specifically, the contractor will provide a broad range of logistic, technical, engineering, software, IT, integration and installation support for NG-ASMS as well as the existing Integrated Condition Assessment System (ICAS), Maintenance Engineering Library System (MELS), Integrated Performance Analysis Report (IPAR), Distance Support (DS) server and Reverse Distance Support (RDS) systems and processes in place for US Navy ship maintenance programs.

2. Scope:

2.1. Provide Project Management Services throughout the duration of the NG-ASMS Project.

2.1.1. The contractor will develop a Project Management Plan (PMP) outlining project objectives, deliverables and schedule dates for accomplishment. Routine updates to the PMP will be provided to the Program Office and SSES Division.

2.1.2. The contractor will provide routine budget reports detailing expenditures against previously approved Projected Budget Requirements.

2.1.3. The contractor will utilize the processes and procedures of the Fleet Modernization Program for management of the planning and installation effort.

2.1.4. The contractor will identify and develop life cycle support requirements unique to NG-ASMS that must be implemented in the US Navy.

2.1.5. The contractor shall provide Weekly Status Reports and facilitate Monthly Status Meetings.

2.2. Facilitate the Institutionalization of Next Generation Analytics for Shipboard Monitoring Systems (NG-ASMS) throughout the Navy.

2.2.1. Evaluate current methodologies and develop requirements to implement Next Generation Analytics for Shipboard Monitoring Systems (NG-ASMS)

2.2.2. Coordinate efforts to establish policies and processes within the Navy to ensure the full benefits of NG-ASMS are realized.

2.3. Develop remote monitoring improvements to support full-Fleet implementation of NG-ASMS

2.3.1. The contractor will design, architect, develop, test and deploy NG-ASMS that will integrate the current suite of remote monitoring applications.

2.3.1.1. Integrate NG-ASMS with existing machinery control, ICAS, Distance Support, (DS), Remote Monitoring, and the Maintenance Engineering Library Server (MELS) systems.

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 6 of 20
----------------------------------	----------------------------	-----------------

2.4. Develop Integrated Performance Analysis Reports (IPARs) for ship systems

2.4.1. The contractor will provide engineering and software services to develop, test, validate, and integrate IPAR diagnostic and prognostic algorithms for US Navy shipboard equipment.

2.4.2. IPARs will be deployed on the Maintenance Engineering Library Server (MELS).

2.5. Architect the sensor data acquisition and network communications IAW open standards.

2.5.1. The contractor will architect, design, and develop a hierarchical, network-based approach for distributed monitoring of machinery health at the component, system, platform, and enterprise level.

2.5.2. NG-ASMS technology solution will be based on the current MIMOSA Open Standard Architecture for Condition Based Maintenance (OSA-CBM), specifically including intelligent component health monitor and maintenance engineering library server technology. The design, manufacture, and engineering integration of the intelligent component health monitor shall be by an ISO 9000:2000 certified facility.

2.5.3. The technology solutions will integrate wireless networking technology for connectivity at platform level and integrate with existing and developing distance support systems for enterprise applications.

2.6. Laboratory Prototype testing at Land Based Engineering Station (LBES)

2.6.1. The contractor will test selected IPARs at LBES

2.6.2. The contractor will test the hierarchical, network-based approach for distributed monitoring of machinery health at the component and system level.

2.7. Shipboard pilot installation

2.7.1. The contractor shall identify pilot installation requirements, perform surveys, and develop and initiate Ship Change Document (SCD).

2.7.2. Plan, manufacture equipment, purchase material and install NG-ASMS on pilot ship(s)

2.7.3. Evaluate performance of NG-ASMS ship installation and integration with Navy maintenance programs.

2.7.4. Modify NG-ASMS based on evaluation performed.

2.8. Fleet Implementation

2.8.1. The contractor shall identify installation requirements, perform surveys, and develop and initiate Ship Change Document (SCD).

2.8.2. During installation the contractor will perform Shipboard system operational verification testing (SOVT) of NG-ASMS

 5001 S. Broad St
 Philadelphia, PA 19112
 russell.leinbach@navy.mil
 215-897-7911

CAR-G11 INVOICE INSTRUCTIONS (OCT 2006) (NSWCCD)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The following information regarding invoice routing is provided for completion of the invoice in WAWF:

WAWF Invoice Type	Cost Voucher
Issuing Office DODAAC	N65540
Admin DODAAC	S5111A
Inspector DODAAC (if applicable)	N65540
Acceptor DODAAC	N65540
LPO DODAAC (if applicable)	Not Applicable
Pay DODAAC:	HQ0338
DCAA Auditor DODAAC (if applicable)	HAA47B

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 11 of 20
----------------------------------	----------------------------	------------------

following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:

Russell.Leinbach@navy.mil

(f) The contractor shall submit invoices for payment per contract terms and the government shall process invoices for payment per contract terms.

(g) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact at (301) 227-1172.

(End of Clause)

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this task order shall be as indicated in the table included in Section B, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that 0 man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this task order.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this task order and shall not include time and effort expended on such things as local travel to and from an employee's usual work location, uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 1460 per month. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 12 of 20
----------------------------------	----------------------------	------------------

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee((Required LOE minus Expended LOE)divided by Required LOE))

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

(End of Clause)

SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

LINE	ITEM	FUNDING FOR COST AND FEE EST.	PERIOD OF PERFORMANCE
1000		\$1,025,600.00	15-March-2008
3000		\$0	

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable.

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 13 of 20
----------------------------------	----------------------------	------------------

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the from the costs of performance of fully funded CLINs/SLINs.

SECTION H SPECIAL CONTRACT REQUIREMENTS

CAR-H09 Performance-Based Acquisition Evaluation Procedures for a SeaPort e Task Order (MAR 2006) (NSWCCD)

(a) Introduction: The contractor's performance on this task order will be evaluated by the Government, in accordance with this task order clause. The first evaluation will cover the period ending twelve months after the date of task order award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance under the task order. Based on the evaluation results, the PCO will assign an overall performance rating in accordance with paragraph (b) of this clause. The purpose of the evaluation is to determine remedies that may be invoked due to "Unsatisfactory" performance. If the PCO assigns an "Unsatisfactory" performance rating for the period evaluated, the PCO may take unilateral action, in accordance with clause 52.246-5 entitled "Inspection of Services-Cost Reimbursement", dated Apr 1984, in Section E of the base contract, to provide for a fee reduction covering the performance period evaluated. This clause provides the basis for evaluation of the contractor's performance and for determining if the fee amount should be reduced due to "Unsatisfactory" performance.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work under the task order for each twelve month period of performance, using the measurable performance standards set forth in the Performance Requirements Summary Table in the SOW, or elsewhere in the task order, and the PCO will assign one of the following ratings:

- (1) Excellent
- (2) Very Good
- (3) Satisfactory
- (4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings

For The Evaluation Period

Overall Performance Rating	Standard
Excellent	"Excellent" ratings for all performance evaluation criteria.
Very Good	A combination of "Excellent" and "Satisfactory" ratings determined by the PCO to exceed "Satisfactory" overall.
Satisfactory	A minimum of "Satisfactory" ratings for all performance evaluation criteria.
Unsatisfactory	A rating of "Unsatisfactory" for one or more performance evaluation criteria.

(c) Evaluation Objective: The purpose of the evaluation and the inclusion of a remedy to the Government for unsatisfactory contractor performance under this task order is to ensure that the Government receives at least "Satisfactory" overall performance.

CONTRACT NO. N00178-05-D-4541	DELIVERY ORDER NO. EHP1	PAGE 15 of 20
----------------------------------	----------------------------	------------------

(d) Performance Evaluation Criteria: The contractor's performance will be evaluated on an annual basis using the criteria and standards provided for each task objective in the Performance Requirements Summary Table, and considering the criterion in Tables 2 through 4 of this task order clause.

(e) Organization: The performance evaluation organization consists of the Procuring Contracting Officer (PCO), who will serve as the Evaluation Official, and the Task Order Manager (ToM).

(1) ToM: The ToM will provide ongoing performance monitoring, evaluate task performance based on the task order Performance Requirements Summary, prepare the evaluation report, including a recommended overall performance rating, and submit the report to the PCO for final decision within thirty days after the end of the evaluation period. The ToM will maintain the written records of the contractor's performance so that a fair and accurate evaluation is made.

(2) Procuring Contracting Officer (PCO): The PCO is responsible for properly administering the performance evaluation process, maintaining the official performance evaluation file, and making the decision about the overall performance rating and whether to reduce the fee if performance is rated as unsatisfactory.

(f) Evaluation Schedule: Each performance evaluation will cover the previous twelve months of performance. The Government will evaluate all work under the task order performed by the contractor during the twelve-month period. Following each evaluation period, the PCO (or Contract Specialist if so designated by the PCO) and the ToM will hold a meeting with the contractor's Senior Technical Representative to review performance under the task order during the previous twelve months, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor's Self-Evaluation: The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the task order, covering the evaluation period, and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Performance Evaluation: The PCO will make the decision on the overall performance rating for the work performed under the task order within thirty days after receipt of the evaluation report from the ToM. The decision will be based upon the ToM's recommendations, the contractor's comments, including any Self-Evaluation Report, and any other information deemed relevant by the PCO. The PCO shall resolve disagreements between the ToM's recommendations and the contractor's comments/report regarding the evaluation. The PCO will provide a copy of the evaluation report, including the overall rating, to the contractor within five working days after completion of the evaluation.

(i) Contractor's Review of the Evaluation Report: Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The PCO shall consider the contractor's submission and respond as appropriate. Although the PCO will consider the contractor's comments, rebuttals, or additional information, the PCO may, or may not, change the overall rating. The decision to change the rating based on contractor input at this stage is solely at the discretion of the PCO.

(j) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by the base contract, such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE).

TABLE 2: TASK PERFORMANCE EVALUATION CRITERIA AND STANDARDS

Criterion	UNSATISFACTORY	SATISFACTORY	EXCELLENT
Task Performance	Work product fails to meet Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task	Work product routinely meets Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task	Work product frequently exceeds Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task

Staffing	Order). Contractor provides marginally qualified or unqualified personnel. Lapses in coverage occur regularly.	Order). Contractor provides qualified personnel. Lapses in coverage may occasionally occur and are managed per individual task order policy.	Order). Contractor provides highly qualified personnel. Contractor reassigns personnel to ensure proper coverage. Actual lapses in coverage occur very rarely, if ever, and are managed per individual task order policy. Contractor ensures staff training remains current.
Timeliness	Contractor frequently misses deadlines, schedules, or is slow to respond to government requests or is non-responsive to government requests.	Contractor routinely meets deadlines, schedules, and responds quickly to government requests.	Contractor always meets deadlines, schedules, and responds immediately to government requests.
Customer Satisfaction	Fails to meet customer expectations	Meets customer expectations.	Exceeds customer expectations.

TABLE 3: CONTRACT MANAGEMENT PERFORMANCE EVALUATION CRITERIA AND STANDARDS

CRITERION	UNSATISFACTORY	SATISFACTORY	EXCELLENT
Problem Resolution	Problems are unresolved, repetitive, or take excessive government effort to resolve.	Problems are resolved quickly with minimal government involvement.	Problems are non-existent or the contractor takes corrective action without government involvement.
Responsiveness	Contractor's management is unresponsive to government requests and concerns.	Contractor's management is responsive to government requests and concerns.	Contractor's management takes proactive approach in dealing with government representatives and anticipates Government concerns.
Communications	Contractor often fails to communicate with government in an effective and timely manner.	Contractor routinely communicates with government in an effective and timely manner.	Contractor takes a proactive approach such that communications are almost always clear, effective, and timely.

----------------------------------	----------------------------	------------------

CostManagement	Contractor routinely fails to complete the effort within the originally agreed to estimated cost, i.e. cost overruns frequently occur.	Contractor routinely completes the effort within the originally agreed to estimated cost. Contractor provides measures for controlling all costs at estimated costs. Funds and resources are generally used in a cost-effective manner. No major resource management problems are apparent.	Reductions in direct costs to the Government below contract estimated costs are noteworthy. Contractor provides detailed cost analysis and recommendations to Government for resolution of problems identified. Funds and resources are optimally used to provide the maximum benefit for the funds and resources available. Documented savings are apparent.
CostReporting	Reports are generally late, inaccurate incomplete or unclear.	Reports are timely, accurate, complete and clearly written. Problems and/or trends are addressed, and an analysis is also submitted.	Reports are clear, accurate, and pro-active. Problems and/or trends are addressed thoroughly, and the contractor's recommendations and/or corrective plans are implemented and effective.

See Attachment CAR-H10 PERFORMANCE REQUIREMENTS SUMMARY TABLE

H-5 TASK ORDER PROCESS

J. Ombudsman Description. In accordance with FAR 16.505(a)(7), no protest under FAR Subpart 33.1 is authorized in connection with PCO decisions regarding fair opportunity or the issuance of a TO under this contract, except for a protest on the grounds that a TO increases the scope, period, or maximum value of the contract. The Local Warfare Center Site Deputy for Small Business has been designated as the NAVSEA and related Program Executive Offices Ombudsman for this contract. The NAVSEA Ombudsman will review complaints from the contractors and ensure that all contractors are afforded a fair opportunity to be considered, consistent with the procedures in the contract. Complaints to the NAVSEA Ombudsman must be forwarded to:

Mr. Ted Ptashkin

215-897-7596

theodore.ptashkin@navy.mil

Option to Extend Services

The Government may require continued performance of any services within the limits and at the rates specified in the Task Order. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 10 days prior to Task Order end date.

----------------------------------	----------------------------	------------------

(End of Clause)

Option to Extend the Term of the Task Order

(a) The Government may extend the term of this task order under option CLINs/SUBCLINs by written notice to the Contractor provided, that the Government gives the Contractor a preliminary written notice of its intent to exercise the option(s) at least thirty days before the task order expires. The preliminary notice does not commit the Government to an extension.

(b) The total duration of this task order, including the exercise of any options under this clause, shall not exceed five years.

SECTION I CONTRACT CLAUSES

CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order. Technical instructions may not be used to :

(1) assign additional work under the task order;

(2) direct a change as defined in the "Changes" clause of the base contract;

(3) increase or decrease the contract price or estimated amount (including fee), as applicable,

the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order

or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.

(End of Clause)

52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed \$0 or the overtime premium is paid for work --
